**Website**

Grant application for the new website has been accepted and should be available soon, any extra expenditure will come out of KCC funds.

After discussion it was agreed to choose the company Hotscot for the new KCC website, and to progress on ASAP.  
Hopefully the new site will be up and running before the November KCC Elections.

Action MK

High-resolution photographs of the area are needed for the site. *(If any members of the local community have any they would like to contribute, KCC would be very grateful, please contact us on the number below.)* The new website will also include past minutes and newsletters. Any further suggestions are very welcome.

**Newsletter**

Local companies have been approached regarding sponsorship. Those approached have agreed, but no sponsorship money has been received as yet.

It was agreed that an official headed paper should be used in all correspondence, this will give KCC an identity for people to recognize.

Action DR

No deadline has been set for the newsletter, but it was decided it would be helpful if it was before the KCC elections and the launch of the new website. Publication would possibly be at the end of August. Local companies who do sponsor the newsletter should supply their Logos for the publication.

More local companies still need to be contacted regarding sponsorship.
